

The 804th Venture Crew

A youth outreach program of the Road to Victory Military Museum

The 804th Venture Crew is a group of young men and women aged 14-20 who are interested in WWII and historical reenacting.

In partnership with the Boy Scouts of America this Venture Crew primarily reenacts the 4th Armored Division along with elements from the 101st Airborne and 761st Tankers unit.

Active since October 2008 the 804th Venture Crew meets every Monday evening preparing for future events, reenactments, community service projects, up keep of the museum or researching the legendary armored.

Community service projects include: Veterans Day Parade, Memorial Day Parade, Operation Open House, Honor Flight and volunteering at community events.
